

Alliant Event Services is made up of a team of top notch professionals who have been providing excellence in the AV industry since 1984. Everyone here has a passion for executing events and will each do their individual part to make your next gathering an absolute success.

Our solution specialists are willing to work with you to understand your specific event needs. Whether it's projection for a corporate meeting or lighting and sound for a concert performance, we'll help you every step of the way, presenting our best creative solutions. When you work with us you'll see we love what we do.
